Why to Select Haward Technology

Haward Technology is the largest internationally-accredited technical training company in the world. We are the training provider for the international oil, gas, petrochemical, utilities and power industries. Further, we supply a complete range of engineering services spanning the world from consulting to design and construction management of total projects. In choosing Haward Technology, you are assured of the following:-

1) Internationally Accredited Certificates: All our courses are internationally accredited by the British Accreditation Council (BAC) and the USA International Association for Continuing Education and Training (IACET). Further, a lot of our courses are accredited by the American Welding Society (AWS), NEBOSH, ILM, ISBI, ICML, SHRM, OHTA, FOA & BOHS. Please visit our accreditation page https://www.haward.org/accreditations.

2) International Expert Instructors: Our instructors are international subject-matter experts and authorities in their line of expertise. Over 90% of our instructors are from the USA, Canada and the UK.

3) Practical Oriented Courses: All our courses are hands-on practical courses where we use our state-of-the-art equipment and simulators to demonstrate the theories behind the course subject. Many of our courses include industrial visits and lab sessions.

4) Quality is Guaranteed: We guarantee the highest quality of all our courses. In the unlikely event that any of the course participants is not fully satisfied, we offer him/her a FOC replacement course and we cover his/her ticket and hotel accommodation.

5) We are honest & strict: We are very strict and totally honest in guiding the course participants to the requirements of course attending and participating. We are also totally honest in reporting absences and tardiness of the participants to their companies. We will never issue certificates to anyone who did not meet our strict attendance and certification policies.

Training Courses Per Engineering Discipline

Process & Chemical Engineering (762 Courses)

Electrical & Power Engineering (971 Courses)

Instrumentations, Control & Telecommunications & Computer Engineering (947 Courses)

Mechanical Engineering (958 Courses)

Maintenance, Reliability & Rotating Equipment Engineering (374 Courses)

Facility Integrity, Inspection, Metallurgy & Corrosion Engineering (501 Courses)

Subsurface Production Operations, Drilling, Reservoir & Petroleum Engineering (946 Courses)

Structural & Civil Engineering (194 Courses)

Marine & Offshore Engineering (238 Courses)

Analytical Laboratory, Analyzers, R&D and R&T Engineering (364 Courses)

Water and Waste Water Treatment Engineering (291 Courses)

Renewable Energy Engineering (Nuclear, Solar, Wind, Biothermal, etc) (60 Courses)

General Engineering (195 Courses)

Safety, Health & Environmental Engineering & Management (1,954 Courses)

● **11,915 Various Engineering Courses**   ● **1,001 Instructors**

Haward Technology is working closely with professional associations and societies worldwide such as BAC, IACET, AWS, NEBOSH, PMI, IOSH, ILM, ACTVET, SHRM, OHTA, NCRP. In fact, many of our instructors are Presidents, Chairmen, Vice-Chairmen or fellows of those societies. Most of our instructors are authorities in their engineering fields. They are writing and publishing papers and books. Some of those books are utilized as major references in the industry, universities and engineering societies throughout the globe. Most of our instructors have many registered patents and inventions.

Haward Technology International Accreditations

BAC: The British Accreditation Council

Haward Technology is accredited by the British Accreditation Council for Independent Further and Higher Education as the first "International Centre". BAC is the British accrediting body responsible for setting standards within independent further and higher education sector in the UK and overseas. As a BAC-accredited international centre, Haward Technology meets all of the international higher education criteria and standards set by BAC.

IACET: International Association for Continuing Education & Training

Haward Technology is an Authorized Training Provider by the International Association for Continuing Education and Training (IACET), 11130 Sunrise Valley Drive Suite 350 Reston, VA 20191. In obtaining this authority, Haward Technology has demonstrated that it complies with the ANSI/IACET 1-2013 Standard which is widely recognized as the standard of good practice internationally. As a result of our Authorized Provider membership status, Haward Technology is authorized to offer IACET CEUs for its programs that qualify under the ANSI/IACET 1-2013 Standard.

AWS: American Welding Society

Haward Technology is the "International Agent" of the American Welding Society (AWS) and Authorized Provider of AWS international certification examinations outside the USA. Haward Technology exhibits compliance and adherence to AWS Quality Control Standards in the development, conduct and delivery of certification courses and exams for welding and inspection professionals on behalf of the American Welding Society. The American Welding Society's certification programs are internationally recognized and are used as a benchmark of quality workmanship and skills within the welding industry around the world.

NEBOSH: The National Examination Board in Occupational Safety and Health

Haward Technology is an Accredited Course Provider by The National Examination Board in Occupational Safety and Health (NEBOSH) with Accreditation Centre Number 931. NEBOSH is the awarding body approved by Scottish Qualifications Authority (SQA). Haward Technology is authorized to offer NEBOSH's comprehensive range of globally-recognized qualifications designed to meet the health, safety, environmental and risk management needs of all places of work.

PMI: Project Management Institute

Haward Technology is an Authorized Training Partner of the Project Management Institute (PMI) (USA). We are strictly complying with the quality requirements and standards of PMI. Haward Technology is approved by PMI to issue contact hours and PDUs for those courses following the PMI requirements in addition to all PMI Project Management courses. Our trainers are Authorized by PMI to deliver the PMI Accredited courses and certification programs. As an Authorized Training Partner, Haward Technology has access to the latest and up-to-date PMI materials and resources available in the filed of Project Management that will definitely improve the chances of success for participants attending Haward Technology Courses.

IOSH: The Institution of Occupational Safety and Health (IOSH-UK)

Haward Technology Middle East is an Approved Training Provider by The Institution of Occupational Safety and Health (IOSH-UK) with Training Provider number 4992. IOSH is the chartered professional body for health and safety in the workplace. It acts as a champion, supporter, adviser, advocate and trainer for those who protect the safety, health and wellbeing of others.

ILM: Institute of Leadership & Management

Haward Technology is a "Recognized Provider" by ILM under the City & Guilds Group Business. The ILM stands for excellence in leadership and management qualifications design, development and delivery under the City & Guilds of London Institute as the award-giving body for these qualifications. ILM recognizes and approves training providers and academic institutions that deliver quality-assured training and accredited qualifications. As a Recognized Provider of ILM, Haward Technology meets the quality assurance criteria of the ILM to deliver application-based leadership and management programs that meet international standards and professional benchmarks.

ACTVET: Abu Dhabi Centre for Technical & Vocational Education and Training

Haward Technology is approved by Abu Dhabi Centre for Technical & Vocational Education and Training (ACTVET) as a "Licensed Training Provider" of technical and management courses. Haward Technology demonstrates its compliance with ACTVET's standards and licensing requirements pertaining to the competence of its staff, learning materials, and resources needed to deliver and assess the qualifications offered. ACTVET was created by the Abu Dhabi Executive Council to preside over technical and vocational training, committed to establishing policies and standards that effectively regulate technical and vocational educational institutions in the Emirate of Abu Dhabi.

SHRM: Society for Human Resource Management

Haward Technology Middle East is recognized by the Society for Human Resource Management (SHRM-USA), the world's largest association devoted to human resource management, to offer programs that qualify for recertification credits for the SHRM Certified Professional (SHRM-CP®) and SHRM Senior Certified Professional (SHRM-SCP®) credentials. As a member of the SHRM Recertification Provider network, Haward Technology will be able to award Professional Development Credits (PDCs) for its programs that relate to the SHRM Body of Competency and Knowledge (SHRM BoCK™).

OHTA: The Occupational Hygiene Training Association

Haward Technology is an OHTA Approved Training Provider under the W201 and W500 series modules that promote better standards of occupational hygiene practice throughout the world. OHTA is the British Occupational Hygiene Training Association. Haward Technology supports hygiene professionals who wanted people around the world to enjoy the benefits of healthy working environments.

NCRP: National Center for Radiation Protection (K.A.CARE)

Haward Technology's radiation course is accredited by the National Center for Radiation Protection (NCRP) – K.A.CARE (King Abdullah City for Atomic & Renewable Energy, KSA). The approval has been given after thorough review of the course content and instructor's qualifications in delivering this program.

NCRP is the national regulatory authority in Saudi Arabia that develops, issues, and modifies the National Regulations in the areas of radiation safety. NCRP provides authorization and licensing to all radiation practices and radiation workers. It also conducts inspections related to radiation safety and security of radioactive sources.

FOA : The Fiber Optic Association (FOA-USA)

Haward Technology Middle East is an Approved School by The Fiber Optic Association (FOA-USA) with school number 777. The FOA is an international non-profit educational association chartered to promote professionalism in fiber optics through education, certification and standards. FOA is the most widely recognized certifying body for fiber optic technicians worldwide. Haward Technology is approved to deliver FOA Certified Fiber Optic Technician (CFOT®) certification training.

BOHS : British Occupational Hygiene Society

Haward Technology is an Approved Training Partner of the British Occupational Hygiene Society (BOHS) for the M201 and M500 series modules, which are designed to maintain a high standard of occupational hygiene education.
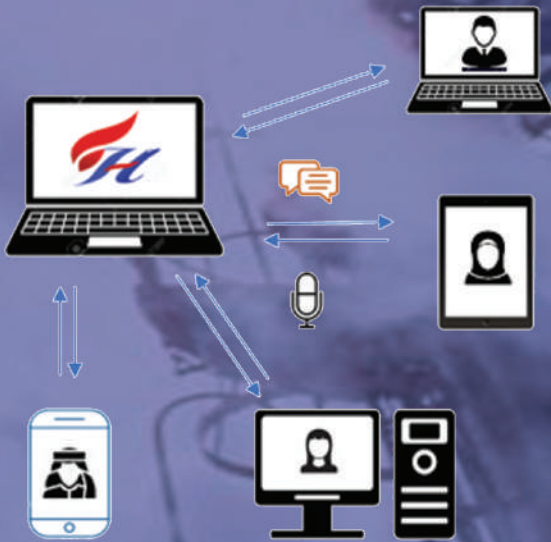

Together with BOHS, Haward Technology supports hygiene professionals in their mission to create safe working environments globally and is committed to advancing the practice of occupational hygiene to promote healthier workplaces worldwide.
